Coverage highlights

Professional liability

A claim could occur for injury, and also for financial loss suffered by a third party. Our policy provides a dual trigger to ensure that each provider is adequately insured with no gaps in coverage.

General liability

Key to any business in their dealings with clients and members of the public. Our cover protects you against legal expenses and compensation claims brought by external individuals injuring themselves on your premises.

Cyber & privacy

Our cover for cyber and privacy is developed with healthcare organizations in mind. Coverage addresses risks associated with privacy breaches, HIPAA violations, system damage, business interruption and more. Our offering also comes with unlimited retroactive cover as standard, and no sub-limits on key areas of cover.

Sexual misconduct & physical abuse liability

The reporting of sexual misconduct and physical abuse allegations is growing rapidly. Our policy provides coverage in two sections. Section A is designed to cover the legal defense costs for any individual up until adjudication, and section B provides the legal liability, including liability for claimants' costs and expenses for any organization.

Non-owned and hired automobile liability

Our non-owned and hired automobile liability coverage covers claims against your organization for accidents caused by an employee using their own, or rented vehicle for business purposes. Our policy also extends to the unloading and loading of patients under this insuring clause.

Loss mitigation costs

We provide cover for existing litigation or for imminent litigation, meaning you are covered for financial losses which have exceeded, or are likely to, the limits of other policies in place, up to a defined limit.

Court attendance costs

We cover costs incurred by attending court in relation to a claim or loss covered by this policy.

Reputation and brand protection cover

We will look to pay costs and expenses of up to a specified sub-limit for the services of a public relations consultancy to mitigate damage to reputation and brand.
