

2026 Internship - Roles

We're excited to offer 20 internship placements in summer 2026, with opportunities available across our Underwriting, Claims, Legal, Marketing, HR, and Distribution teams. Please find further information on each department below:

Cyber Underwriting

Cyber insurance – sometimes referred to as cyber liability insurance or cyber security insurance – is designed to protect businesses against the financial loss resulting from a range of cyber threats and exposures, including cybercrime, data breaches, and system interruption. CFC has over 25 years' experience providing cyber insurance to businesses around the globe. Today, we are the provider behind nearly a third of the world's cyber insurance policies with over 100,000 business trusting us with their cyber risk.

Technology Underwriting

Our Tech team are at the forefront of protecting innovative and creative enterprises shaping how we live, work, and connect. As the digital landscape has evolved, so have we—offering tailored solutions for industries born from the digital revolution, from social media and dating apps to influencers, podcasters, IoT, AI, VR/AR, and experiential marketing.

Media Underwriting

Our Media team provides specialist insurance solutions for digital media businesses, along with unique intellectual property cover. Recognised as experts in this fast-moving market, we support creative and disruptive businesses from podcasts to influencer agencies adapting quickly to evolving risks.

Transaction Liability Underwriting

Transaction liability insurance is a valuable tool to help buyers and sellers facilitate mergers and acquisitions (M&A). It means the sellers carry the risk for any liabilities which occurred when they owned the company. If these issues are then discovered after the transaction is completed and causes financial loss, the seller could be found to be financially responsible. CFC has one of the largest specialist teams in the market, comprising former M&A attorneys, investment bankers and chartered accountants with hands-on deal experience.

Specialty / Product Recall Underwriting

Our product recall insurance policies provide comprehensive cover for a variety of industries and recall scenarios, ranging from product guarantees and contractor errors to cyber product tamper and software product safety. The team specialises in risks from the food and beverage, automotive component, consumer goods and medical device sectors and has more than 600 clients in the US, UK, Canada, Australia and all over the world.

Specialty / Terrorism Underwriting

Our Terrorism team provide a broad and comprehensive product suite protecting businesses against acts of terrorism and sabotage, political violence and active assailant events. With extensive experience and a forward-thinking approach, our team addresses the unique and evolving risks faced by today's markets—and those of tomorrow.

Property & Casualty Underwriting

Our P&C team underwriter business globally, focusing on our core territories of North America, UK, Europe and Australia. They offer a cross-class package solution including Public & Products Liability, Employers Liability, Property, E&O, Cyber, D&O and Legal Expenses with over a decade of experience providing insurance to traditional and emerging industries.

Professional Liability Underwriting

Our Professions team underwrites Professional Liability business in the US and Canada, leading the market in E&O (Errors & Omissions) solutions for enterprises of all sizes. We offer multiple coverages under one policy, including Casualty and our market-leading Cyber coverage.

Healthcare & Life Science Underwriting

Our healthcare & life science team at CFC offers bespoke insurance products that provide cover for a wide range of healthcare professionals, healthcare service providers in the traditional and digital space, medical technology companies, healthcare device and product manufacturers, and clinical research organisations developing products and conducting trials before bringing them to market.

Digital Underwriting

Our Digital/Connect Platform team is CFC's digital underwriting function, focused on delivering excellent broker experience. Daily tasks include underwriting referrals, quoting, policy management, live chat and risk review—where digitally quoted risks are checked for anomalies and corrected.

Distribution

Our Distribution team are responsible for the trading relationship between CFC and our global network of retail and wholesale brokers. They define and oversee execution of key territory broker strategy across the entirety of CFC's product portfolio, driving accelerated growth for CFC and our broker partners. The team coordinate sales and development activity across our specialist underwriting teams and ensure consistent delivery of CFC's unrivalled broker proposition.

Claims

Our Claims function is the main contact for insureds and brokers and where policies are tested and claims are handled from start to settlement. Whether you're a manufacturer facing a product recall, or a small business in the midst of a cyber event, you can expect a CFC claims handler to have relevant, real-world, specialist experience.

Legal

Our Legal function work across all business units internationally, providing a full suite of legal services in-house, advising underwriting, claims, cyber incident response and business units across CFC and a great place for anyone looking to pursue a career within the legal profession.

Marketing

Our Marketing function is the driving force behind our brand awareness, sales enablement and broker loyalty initiatives. A function that consists of branding and content, design, events and social media experts with our award-winning broker education campaigns that have reached over 60,000 subscribers through email, webinars and social media.

People Team

Our People function is the cornerstone of employee experience and organisational success. We support every stage of the employee lifecycle, from attracting and developing talent, to managing benefits and payroll. Beyond operations, our People team ensures compliance with employment law, nurtures a positive workplace culture and empowers both employees and managers to thrive throughout their careers. By combining expertise with empathy, the People function creates an environment where individuals feel valued, supported and inspired to contribute to our shared success.
