At a glance

Buyer protect

Buyer protect provides cover for financial loss arising from a breach of or inaccuracy in the warranties given by the seller or on their behalf, where there is evidence that the seller had knowledge of the breach.

Coverage

The policy has been designed to enable buyers to more easily claim for loss as a result of the seller's non-disclosure of information which impairs the value of the business. The policy will respond where there has been a material misstatement of the seller's warranties, supported by documentary evidence of the seller's knowledge of the fact, matter or circumstance causing the breach. The policy covers all standard warranties given by a seller to a buyer in the sale of a small business or business asset.

Streamlined underwriting

Coverage can be placed within 24 hours following receipt of the buyer protect application form. Coverage can be arranged post-closing.

What's not covered

Buyer protect provides cover for financial loss where the seller had knowledge of the breach. The policy does not provide cover for any unintentional or innocent breach of the warranties provided by the sellers. Coverage for these types of claims can be provided by CFC's seller protect policy.
